ARTIST'S IMPRESSION

Greetings,

We hope this month's edition of The Trilight Journal finds you well. Your faith in our team's capabilities for constructing your dream home is highly appreciated and we are grateful for the same. As usual, we are back with exciting updates on the latest developments at The Trilight.

BEYOND THE BORDERS: THE TRILIGHT AT INDIA PROPERTY EXPO, USA

As you know, the Trilight went beyond the borders to the India Property Expo held in the USA. We are delighted with the overwhelming response we received at the exhibition where the world-class quality of The Trilight was showcased at an international level. The presentation of the project had astounding success throughout the 3 expos and we were triumphant in reflecting our shine on a global scale. There was an outpour of the affirmative towards the opulent lifestyle offered, in the form of the quality of construction and the meticulous attention to detail in the planning and amenities. Our one-of-a-kind clubhouses built at different levels were the star of the expo and were highly renowned for their innovative design and thought-through planning. As the shine of the Trilight keeps spreading beyond borders, being a homeowner on its premises has become even more prestigious.
